Subject: Fee Change for Taker Fees

Effective Friday, November 6, 2026, QCX LLC d/b/a Polymarket US will be modifying its taker fees for all contracts, as detailed below. The taker fee tier is calculated daily using taker volume over the preceding 30 completed Eastern Time (ET) calendar days, excluding today.

Taker Fee Tier	Trailing 30-day Taker Volume	Taker Coefficient (Θ)
Tier 1	Below $10,000	0.095
Tier 2	$10,000 to less than $50,000	0.085
Tier 3	$50,000 to less than $250,000	0.075
Tier 4	$250,000 or more	0.0695

This tier sets Θ in both the standard taker fee formula, including Table Tennis, and the combo taker fee formula. Combos use a separate fee curve.
