Underlying
The Underlying for each Contract is whether a person is impeached by a specified entity by a given date and time. Any instructional examples set forth in these Terms & Conditions (the "Product Specifications") or in the Contract Terms are provided for convenience only, are non-exhaustive, and are not intended to limit the scope of the applicable definitions or criteria.

Parameters
- **{entity}** refers to the specified legislative body or government authority that may impeach {person}, as specified in the Contract Terms. {entity} may refer to a national legislature, a chamber thereof, a regional or subnational legislative body, or any other body that, under the applicable constitutional or legal framework of the relevant jurisdiction, has the authority to impeach {person}.
- **{person}** refers to the specific individual or category of individual who may be impeached by {entity}, as specified in the Contract Terms. {person} may refer to a specific named individual (e.g., Donald Trump) or a defined category of individuals identifiable by their role or office (e.g., any Supreme Court Justice, any member of the Cabinet).
- **{datetime}** refers to the specified date and time by which the impeachment must occur.

Source Agencies
The Exchange will serve as the Source Agency for all Contracts. In determining the Contract Outcome for each Contract, the Exchange will reference the following reference sources (collectively, the "Sources"):
- **Primary Sources:** Official legislative records, publications, vote records, press releases, and statements from {entity}.
- **Secondary Sources:** Reuters, Associated Press, Bloomberg News, Agence France-Presse, The New York Times, The Wall Street Journal, Financial Times, The Korea Herald, The Times of India, The Washington Post, BBC, France 24, Deutsche Welle, NHK World, Al Jazeera English, Axios, Politico, Semafor, NPR, ABC, CBS, NBC, CNN, Fox News, and MSNBC.

The Exchange may designate additional or substitute Sources. All instructions on how to access the Underlying data via the designated Source will be made available to market participants. The Source hierarchy is designed to produce reliable, publicly verifiable settlement data that is resistant to manipulation or premature disclosure.

Expiration Date and Time
Unless otherwise provided in the Payout Condition, the Expiration Date will be the earlier of: (i) the day of the release of the qualifying data by the designated Source; or (ii) a date specified in the Contract Terms. The Expiration Time will be 11:59:59 PM ET on the Expiration Date, or such other time as specified in the Contract Terms. As provided for by 10.3 and 10.4 of the Rulebook, if any circumstances arise that would prevent a Contract's value from being determined accurately at the Expiration Date, including but not limited to delayed data from a relevant source, the Exchange may adjust the Expiration Date.

Last Trading Date and Time
The Last Trading Date and Time will be the same as the Expiration Date and Time, unless otherwise specified in the Contract Terms, or unless the Contract Outcome Review Process is initiated.

Settlement Date and Time
The Settlement Date and Time will be no later than the day after the Expiration Date, unless otherwise specified in the Contract Terms, or unless the Contract Outcome Review Process is initiated.

Payout Condition
Contracts pay out if the Payout Condition is met. The Payout Condition for the Contract is met if {entity} impeaches {person} after Contract Issuance and before {datetime}. The Payout Condition is evaluated as follows:

- **Impeach:** A qualifying impeachment occurs when {entity} officially passes or adopts articles of impeachment or equivalent charging instruments against {person}. Subsequent conviction, removal, acquittal proceedings, or legal challenge to the validity of the impeachment will not affect market settlement. The introduction of articles of impeachment or procedural votes or actions which do not constitute official passage or adoption do not qualify as impeachment.
- **Procedure Specificity:** Impeachment procedures vary by jurisdiction, legislative body, and position subject to impeachment. For example, under the United States federal system, impeachment occurs upon the U.S. House of Representatives's adoption of one or more articles of impeachment against an individual. The Contract Terms may specify the procedures required for the specified {entity}.
- **Accelerated Settlement:** This Contract may be settled on an accelerated basis if a qualifying outcome occurs before the Expiration Date.
- **Final Settlements:** Once an outcome has been determined by the Exchange in accordance with the objective criteria set forth herein, such determination will be final and will not be subject to appeal or revision for purposes of settlement.

In the event of a dispute as to whether the Payout Condition has been met, the Exchange will resolve such dispute in accordance with the procedures set forth in the PMUS Rulebook.

Eligibility
In addition to the Source Prohibition, and the general prohibition against trading on material nonpublic information in violation of a pre-existing duty, the Exchange will institute additional prohibitions for trading the Contract. Persons under 18 years of age are not permitted to create Polymarket US accounts. The following individuals will be prohibited from trading:

Modifications
Before Settlement, the Exchange may initiate the Contract Outcome Review Process. If any event or any circumstance which may have a material impact on the reliability or transparency of a Contract's Sources or the Underlying related to the Contract arises, the Exchange retains the authority to designate a new Source and Underlying for that Contract and to change any associated Payout Condition and Contract Terms after the first day of trading.
